

Milan Warmoeskerken @ EMS 30 April - 6 May, 2018

📅 Published: 23 November 2017

Milan W, a modest electronic music producer from Antwerp that has been active under many radars. It's not easy to put a label onto Milan's music, which crudely can be described as an extremely varied collection of hazy slow-paced, melodic beats, all of which are rich in melancholy. With 2 albums and a bunch of EPs and tracks on the discography (under both his 'Milan W.' as his 'C. Young' aliases), Milan moves comfortably in the sonic circles of JJ Funhouse, Ekster.
