

Yasmine Baramawy @ EMS 4 - 27 February 2019

📅 Published: 29 June 2018

Yasmine Baramawy is an Egyptian musician, sound artist and composer based in Cairo.

She develops an original sound universe around her practice of the oud (modified and increased by a bass string) but also around the concrete music and other electronic experiments.

Her approach is characterized by a permanent sound research exploring both the acoustic tradition of the oud and the adventurous and transversal sound practices.
