

# 2023

## Daniele Fabris @ EMS 13 March - 2 April, 2023

 Published: 13 November 2022

**Daniele Fabris** (<https://www.danielefabris.com/>) is a composer-researcher dealing with computer music, creative coding and spatial sound design. His works investigate themes and techniques related to digital sound processing, 3D audio and musical instrument design, combining creative and technical expertise to develop immersive audio experiences and discover new paths of human-computer interactions.
