Christian Rønn @ EMS 29 March - 2 April, 2023

 Published: 15 November 2022

Christian Rønn works with improvisation, electroacoustics, fixed composition, soundart and film-music, performing and writing in a variety of combinations and constellations.

F.ex. with Ikue Mori, Peter Peter, Aram Shelton and P.O. Jørgens.

Points of interest: unrecognizable states of being, transcendence, journey beyond language.

His energetic and out-of-body-playing-style has been likened to Cecil Taylor and Sun Ra.

As an organ-and piano-player, he creates solo- and collaborative works for organ, piano and multi-channel electronics as well as installation-works. Writes and produces “Panser” with Peter Peter and the popular electronica-act “Ganga” and has been scoring film-classics as “Battleship Potemkin”, “Metropolis” and “Man with a Move Camera”.
