## ANNIHIL @ EMS 28 August - 11 September, 2023

---

 Published: 14 December 2022

ANNIHIL is a producer, performer, and sound designer specializing in the deconstruction of popular music as a tool for emotional communication.

Deeply entrenched in New York's experimental and punk circuits, his unique approach to pop production stems from experimentations with hardware and sound synthesis.

For a decade, ANNIHIL has split his time touring extensively across the United States and Canada and producing for himself, releasing over eleven albums of recorded material under various pseudonyms.

He is a former artist-in-residence at The Silent Barn.
