

Bjørn Svin @ EMS 8-14 December

 Published: 01 November 2015

EMS welcomes Bjørn back - With a curiosity and playfulness Bjørn Svin (<https://soundcloud.com/bj-rn-svin/tracks>) has been exploring the creation of electronic dance music for more than 20 years.

His first album “Mer Strøm” came out in 1997, an innovative collection of tracks that unified a melodic, positive and minimalistic take on the contemporary electronic club music at that time.

His later works are organic, elastic and ever changing exploration of rhythmical, melodic and timbral progressions.
