

Carl, Cody, Maria, & Soham @ EMS 27-28 July

📅 Published: 28 January 2016

Carl Golembeski (America) has brought together Swedish musicians, Soham & Maria and Cody Orrell from America to collaborate on a project fusing traditional acoustic instruments with electronic music.

Using Guitar, voices and Kora (traditional African harp) recorded by Soham & Maria, keyboard synths by Cody and drum programming, engineering, modular synths and Kyma processing by Carl, they plan on releasing the project in a limited vinyl run later this year.
