

Damian O'Riain @ EMS 25 August - 15 September, 2016

📅 Published: 30 January 2016

From August 25th to September 15th 2016 Irish sonic artist Damian O'Riain (<https://doriain.wordpress.com/>) will be visiting Elektronmusikstudion again to develop spatiotemporal compositional strategies for a new multi-channel work. He will also be continuing a region specific (Stockholm/Mälaren environs) ambisonic soundscape project that draws on acoustic ecology, bio-acoustics, and cultural-geographic theory. This EMS residency has been made possible by the generous support of the Arts Council of Ireland (<http://www.artscouncil.ie/home/>).
