

Lars-Gunnar Bodin

📅 Published: 21 March 2011

will be holding a seminar and a workshop at EMS at the beginning of April 2011.

The subject is "Composing with words", something which Bodin himself is quite an expert at, having composed a long series of works in the text-sound tradition. Unfortunately, the event is already fully booked by eager students, so it won't be possible to apply for this course, this time.

Day 1: Seminar: historic and international perspectives

Day 2: Seminar: methods and examples of compositional ideas

Day 3: Workshop: discussions and more methods

Day 4: Performance: in the Bengt Emil Johnson "Gubbdrunkning" style.
