

NCP AiR Marja Ahti @ EMS 11-14 december, 2017

 Published: 20 July 2017

Marja Ahti (f. Johansson) is a Swedish-Finnish musician and composer based in Turku, Finland. Her main creative output is the solo moniker Tsembla. (<http://www.tsembla.com>)

Using electronics, modified samples of acoustic instrument, non-instruments and environmental sounds, she makes music that rides on waves of warped melodies, abstract voices and mutating textures – rough edged compositions, rich in detail, that come together into instrumental miniatures. She also composes music for dance performances and film.

An AIR-programme grant from Nordic Culture Point (<http://www.kulturkontakt nord.org/>) has made it possible for Marja to work at EMS.
