Listening to Klara Lewis' debut release 'Ett' on *Editions Mego* (<http://editionsmego.bandcamp.com/album/ett>) Lippok was deeply impressed by her expertly crafts and unique approach to composition and music production. While working on tracks for his forthcoming album on the German based electronic label raster-noton, Lippok had the idea to ask Klara Lewis for a possible collaboration.

Both thought that it would be ideal to meet in person and Lewis suggested the EMS studios as the best possible place for this sonic experiment. This is the first appearance of Klara Lewis and Robert Lippok at EMS!
