Zuriñe F Gerenabarrena (zfgerenabarrena.com) is a basque composer working in acoustic and electronic music. Member of the team of artists and composers, SINKRO.

She is a versatile composer, who has many works for soloists, symphony orchestra, theater, dance, animation, electroacoustic and multidisciplinary projects.

She treats the evolution of sound in a very free way, so her music is presented with gestures and notes that break in a labyrinth discourse, renewed in the time to be based on the timbre like structural element.
