ERASMUS+: Francesco Torelli Internship @ EMS 3 June 2019 - 15 March 2020

Published: 18 August 2018

We welcome Francesco Torelli for a nine month internship @ EMS!

Francesco is a sound lover who graduated in electronic music at Conservatorio G.F. Ghedini Cuneo (<http://www.conservatoriocuneo.it/default.asp>). His work is based on electroacoustic compositions, live performances and sound design for moving images (documentaries and movies).

In his music, he mostly uses digital and analog elaboration of recorded sounds, with the aim to give sound a meaning, paying attention to perception aspects. He is attracted by musique concrète and from the act of recording sounds, played or from the environment.

Francesco is still working to know his different faces of musical identity better. The work is never ending and lot of fun.
