 Published: 03 March 2020

Gyuchul Moon (<https://gyuchulmoon.com>) is a Sound/Audiovisual artist with academic studies in Electronics engineering.

He explores fields of generative, algorithmic composition. He has developed an extensive audiovisual system to expand the aesthetic possibilities of sound. Currently, he extends research to fields of theatre and movement. He also continues to discover potential generative possibilities through artificial intelligence.

He pushes hard boundaries of contemporary generative art with a clear vision of values and phenomena. His Sound / Audiovisual works have been performed at various festivals, SXSW, WeSA, and exhibited in galleries, Sejong Center, Art Center Nabi.

Gyuchul Moon's residency is kindly made possible by the Arts Council Korea, **ARKO** (<http://www.arko.or.kr/eng/main.jsp#secondPage>).
